# 1 Caring by nature

Ever since Océ's foundation in 1877, care for the environment has been one of the characteristics of our operations. Our environmental policy adheres to the Canon Group's Environmental Charter. It reflects the environmental impact of our Products and Operations.

## 1.1 PPP environmental philosophy

We aim to minimize our environmental footprint throughout the product lifecycle and we pursue maximization of resource efficiency.

## 1.2 PPP environmental policies

- We seek to harmonize environmental and economic interests in the development of innovative print and document management products and services for professional environments.
- Our products and services are safe and do not harm the health and well-being of people, flora and fauna. This principle is the basis for the PPP Product Safety & Environmental Management System.
- Our products and services enable the management of documents while minimizing the impact on the environment.
- We establish and operate an environmental management system in order to continuously improve our environmental performance.
- We comply with all applicable environmental laws and regulations, as well as with Canon Group environmental assurance policies.
- We increase the environmental awareness of our employees and encourage environmental protection initiatives on corporate and individual level.
